The Pebble Limited Partnership Environmental Baseline Studies Meeting is scheduled to occur January 31 through February 3 in Anchorage, AK. Pebble has asked that the Agency provide a list of those who will be attending in person. I am planning on participating in person, as is Palmer Hough. I am unaware of other members of the assessment team who are planning on attending in person.

If you are planning on attending the Pebble environmental data meeting in Anchorage, please let Cindi Godsey and me know as soon as possible, but no later than Tuesday, January 10.

Pebble is making arrangements for those that cannot attend in person to listen in via the internet. If you are interested in attending remotely, please let me know so that we can be sure that you get the appropriate information.

Thanks.

Jeff
